

BuzzHR Service **PROPOSAL**

BUNDLE *IT ALL TOGETHER*

We have the resources and tools needed to identify, diagnose, and cure any of the issues that can adversely affect the pulse of your organization. Partnering with BuzzHR allows you to custom-tailor your service needs. You choose the services you need and simply opt-out of the ones you don't. Let our team of experts help you understand and manage all things HR, so you can focus on growing your business efficiently and effectively.

HOW IT WORKS

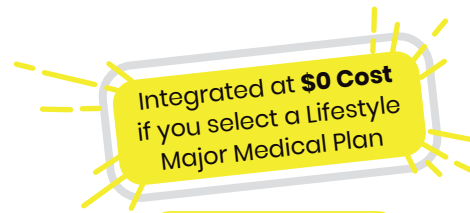

Our Essential Package starts with HR Support Services to make sure your HR house is in order and access to our best-in-class HRIS Technology Platform to help simplify the business of HR for your company. You will also gain access to set up your groups using our Benefit Administration System, as well as help with coordinating the different filings for your groups!

From there, you can buy-up to include additional products and services. Start with the Essential Package and then add additional services over time. We have **WHAT** you want, **HOW** you want it, **WHEN** you want it.
